Re: Advisory Committee Recommendations

Dear Executive Board Members:

The DC HBX Advisory Board (the Board) was charged with identifying and recommending applicants for appointment to HBX's Producers (Brokers & Agents) Advisory Committee; Plan Management Advisory Committee; and Consumer Assistance and Outreach Advisory Committee (the Committees). The Board has reviewed the submissions of all applicants for appointment to the committees, all of whom were qualified to serve.

We submit the following individuals who have demonstrated the requisite skills, professional qualifications, and community involvement to make substantive contributions to the issues that must be addressed in order to successfully build the District's Health Benefits Exchange. In making our recommendations, we sought to bring diversity in professional expertise on all three committees, and to satisfy the requirements of the Committees enabling resolution.
