All-plan directories deliver the best user experience

All-plan directory

- One stop shop – each doctor is associated with all of the Exchange Carrier networks in which they participate, by plan name
- Straightforward & easy to use
 - ▣ Site is catered to DC area users
- Site is fast and responsive
- Additional data verification to reduce errors and conflicts

Individual carrier directories

- Users must visit multiple web sites
- Often confusing (user may know plan name but not likely to know network name)
 - ▣ Sites are not catered to DC area users
- Sites can be slow and/or crash
- Sites may report conflicting information on the doctors

All-plan directory capabilities provide convenient and useful search and filtering tools

- Users can search for doctors using a number of criteria, and only have to do it once
 - Carrier/plan
 - Location
 - Specialty
 - Doctor Name
 - Languages Spoken

Fast search with dynamic results – private cloud for a more robust and reliable local user experience. Easy integration with any site.
