| Important Questions   | Answers   | Why this Matters:   |  |
| What is the overall deductible?   | Network: <b>\$1,500</b> Indiv / <b>\$3,000</b> Family<br>Per calendar year. Does not apply to copays,<br>prescription drugs, and services listed below as<br>"No Charge". | You must pay all the costs up to the <b><u>deductible</u></b> amount before this plan begins to<br>pay for covered services you use. Check your policy or plan document to see<br>when the <u><b>deductible</b></u> starts over (usually, but not always, January 1st). See the<br>chart starting on page 2 for how much you pay for covered services after you<br>meet the <u><b>deductible</b></u> .  |  |
| Are there other<br><u>deductibles</u> for<br>specific services?   | No.   | You don't have to meet <b><u>deductibles</u></b> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.   |  |
| Is there an<br>out-of-pocket limit<br>on my expenses?   | Yes, Network: <b>\$3,000</b> Indiv/ <b>\$6,000</b> Family   | The <b><u>out-of-pocket</u></b> <u>limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.  |  |
| What is not included<br>in the <u>out-of-pocket</u><br><u>limit</u> ?   | Premium, balance-billed charges, health care this plan doesn't cover.   | Even though you pay these expenses, they don't count toward the <u>out-of-pocket</u> <u>limit</u> .   |  |
| Is there an overall<br>annual limit on what<br>the plan pays ?  | No.   | The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.  |  |
| Does this plan use a<br><u>network</u> of<br><u>providers?</u>  | Yes. For a list of <b>network providers</b> , see<br>www.myuhc.com or call 1-877-856-2430.  | If you use an in-network doctor or other health care <b>provider</b> , this plan will pay<br>some or all of the costs of covered services. Be aware, your in-network doctor or<br>hospital may use an out-of-network <b>provider</b> for some services. Plans use the<br>term in-network, <b>preferred</b> , or participating for <b>providers</b> in their <b>network</b> . See<br>the chart starting on page 2 for how this plan pays different kinds of <b>providers</b> . |  |
| <b>Do I need a referral</b><br>to see a <u>specialist</u> ?   | No.   | You can see the <b>specialist</b> you choose without permission from this plan.   |  |
| Are there services<br>this plan does not<br>cover?  | Yes.  | Some of the services this plan doesn't cover are listed on page 6. See your policy or plan document for additional information about <u>excluded services</u> .   |  |

- <u>Copayments</u> are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
  - <u>Coinsurance</u> is *your* share of the costs of a covered service, calculated as a percent of the <u>allowed amount</u> for the service. For example, if the plan's <u>allowed amount</u> for an overnight hospital stay is \$1,000, your <u>coinsurance</u> payment of 20% would be \$200. This may change if you haven't met your <u>deductible</u>.
  - The amount the plan pays for covered services is based on the <u>allowed amount</u>. If an out-of-network <u>provider</u> charges more than the <u>allowed</u> <u>amount</u>, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the <u>allowed</u> <u>amount</u> is \$1,000, you may have to pay the \$500 difference. (This is called <u>balance billing</u>.)
  - This plan only covers services if rendered by network **providers**. Exceptions include emergency services as described in your policy.

#### Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-866-747-1019. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or www.cciio.cms.gov.

### Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact the Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa/healthreform or the District of Columbia Department of Insurance, Securities, and Banking at 202-727-8000 or disr.washingtondc.gov/disr/site. Additionally, a consumer assistance program can help you file your appeal. Contact DC Office of the Health Care Ombudsman and Bill of Rights at 1-877-685-6391 or visit healthcareombudsman@dc.gov.

#### Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." **This plan or policy does provide minimum essential coverage.** 

#### Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). This health coverage <u>does meet</u> the minimum value standard for the benefits it provides.

# About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples. Having a baby (normal delivery)

### **Questions and answers about the Coverage Examples:**

## What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums.**
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.
- If other than individual coverage, the Patient Pays amount may be more.

### What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

## Does the Coverage Example predict my own care needs?

\* <u>No</u>. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

## Does the Coverage Example predict my future expenses?

\* <u>No</u>. Coverage Examples are <u>not</u> cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

## **Can I use Coverage Examples to compare plans?**

Yes. When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

## Are there other costs I should consider when comparing plans?

Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
