What to do if an employee has an existing account

Since we launched the DC Health Link enhanced user interface in October, consumers will now only have one username.

If a consumer has an existing account as an Individual and they are seeking coverage as an employee, they will create a new role within their account:

1. Log into their DC Health Link Account
2. Open a new tab in the same browser and go to dhealthlink.com
3. Click “Get Started” under Employee
4. Enter their information and match to their employer
5. Proceed to plan shopping by clicking “Shop for Plans” and selecting “Employer-Sponsored Benefits”
