Migrating Groups

For all groups migrating from the health insurance companies onto DC Health Link please note that DC Health Link did not receive the employer premium contribution from the health insurance companies. We are reaching out via email and phone to all of the brokers for these groups. Please ensure you work with your migrating small groups and update the employer premium contribution in their DC Health Link account. For groups renewing July 1, 2016 this must be done by **TODAY, Friday, June 10, 2016.**

Dental Coverage for Migrating Groups

Groups migrating onto DC Health Link will not have dental benefits setup as part of their benefit offerings on DC Health Link. These groups are able to add dental coverage as part of their benefit offerings on DC Health Link. If a migrating group has existing dental coverage, adding dental coverage on DC Health Link is not a renewal of this existing dental coverage, even if the group selects the same dental carrier and plan. Any groups that currently have dental coverage and add dental coverage as part of their benefit offerings on DC Health Link will need to contact their dental carrier to terminate their existing dental coverage.
