Employer Contributions

- For all groups migrating from the health insurance companies onto DC Health Link please note that DC Health Link did not receive the employer premium contribution or dependent offerings from the health insurance companies. The contribution percentages have been defaulted to 50% for all groups. Please update this information within the employer's account.
- Employers are able to offer coverage to spouses, domestic partners, and children under age 26. To ensure these groups are eligible for coverage, please select the "check box" within the employer's renewal benefit offerings.

Broker and Employer Roles

An employer is able to manage their benefit offerings and employee roster from their DC Health Link account, but they cannot enroll an employee in coverage or make changes to an employees coverage. Only the broker and the employee are able to take enrollment actions for the employee. Please ensure you always assist your clients form your broker account so that you have your full permissions.
