Employer Contributions

- For all groups migrating from the health insurance companies onto DC Health Link please note that DC Health Link did not receive the employer premium contribution or dependent offerings from the health insurance companies. The contribution percentages have been defaulted to 50% for all groups. Please update this information within the employer's account.
- Employers are able to offer coverage to spouses, domestic partners, and children under age 26. To ensure these groups are eligible for coverage, please select the "check box" within the employer's renewal benefit offerings.

Sorting Employer Groups through your Broker/GA Portal

Brokers and GAs are able to sort the employers listed under the "Employers" tab. Click on the field in the white box to filter accordingly. For example, click "Effective Date" to sort by employers with future coverage effective dates who may be within their renewal period.
